SARS Section 18A (Deduction of tax write-off when you donate to a PBO)

10% of tax payers and businesses yearly tax write-offs can be donated to a charity of their choice and thereafter be claimed as a tax write-off from SARS. You will be doing an amazing service for animals and will not be put out of pocket personally. Pawfect Nation is a registered PBO (Public Benefit Organisation) with SARS (South African Revenue Service) so all donations are tax deductible; Pawfect Nation will issue all donors with a tax certificate.

Adopt an Animal without the physical responsibility of caring for that animal

Adopt an animal for life, either for yourself or a loved one and help us to provide the much needed food, medical care and shelter to our abandoned, elderly, abused and disabled / differently-abled animals. We will care for them full time on your behalf.

Legacy Endowments – Be remembered long after you are gone

'Legacy Endowments' are vital in helping PN continue our work. Endowments assist us in providing a bright, secure future for animals and aid us in implementing long-term awareness and educational campaigns to create a better future for them.

Donations

Donations are very much appreciated. Regardless of the amount donated, all our generous donors share a deep commitment to helping us help animals in need.
